

PORCELANOSA FACADE/

The
Torrance

The Torrance

Torrance, CA

Porcelanosa's porcelain panels are featured in the redesign of the façade of lobby in the Pacific Center – known as a luxury workspace now called the Torrance. The building is located in the heart of Torrance, California, and happens to be right across from the Del Amo Mall. The façade features 6,600 square feet of material throughout its two-toned façade design and continues into the building's lobby.
